

EAST HOPEWELL TOWNSHIP

—YORK COUNTY PENNSYLVANIA—

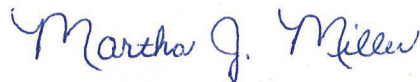

To Whom It May Concern:

East Hopewell Township has worked with DOCEO Office Solutions for approximately six months and has been very satisfied with the experience. The staff at DOCEO provided training on how to operate our Toshiba eStudio 3508A copy machine at installation. We find that operating this machine is so easy and that we have increased the work that we fax and scan.

The level of customer service that we received was extraordinary. Our Technology Consultant stops in to check if we need anything when she is in our area.

We are happy with our choice to work with DOCEO and would recommend them to anyone looking for a friendly, reliable, local office equipment company.

Yours truly,

Martha J. Miller
Secretary/Treasurer
