

Re: Doceo Office Solutions

To Whom It May Concern:

As Office Manager of the Lancaster County Community Foundation I have had the extreme pleasure of partnering with Doceo Office Solutions as provider of our office copying needs since 2012. From proposal, to support, to service needs – the entire Doceo staff has and continues to exceed expectations in terms of quality, value, and responsiveness.

I highly recommend DOCEO Office Solutions, LLC to anyone who needs a copier/printer, as they listen to your needs and follow through on their commitments. Their entire team is second to none and will go the extra mile to ensure you are a satisfied customer. It is with great confidence that I have no hesitation in stating that the Doceo team will strive to reach the same level of satisfaction for your company that they consistently provide for my organization.

Sincerely,
