To Whom It May Concern,

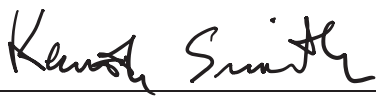

I am writing to recommend the comprehensive print management services provided by Doceo. Doceo has been our service provider since July 2019.

Since selecting the Doceo bid, we have been thoroughly pleased with their entire service offerings. Switching from one vendor to another can prove to be stressful, however, Doceo made this process seamless. Over the length of 3 days, Tom Kuhn and his team took every step to provide us with a process that suited our needs.

Post-installation, Doceo has lived up to promises made. Their service team is well-trained and efficient, as issues are resolved quickly and with precision. Supplies arrive preemptively, ready to go for replacement when the time comes. The devices suggested and installed operate with ease.

I highly recommend Doceo to provide print management services. The partnership has been productive and genuine.

Best,

X 

Kenneth Smith
