

When our previous contract was up for renewal, we bid out for comparison. DOCEO had been a regular visitor to our office for years, establishing a great relationship not only with the Chamber but with our members.

As a non-profit, DOCEO understood how important a cost-effective bid was to us. Their proposal was so generous and cost-saving that it was a stand-out from the start. Since the installation service has been great and the copier is fast and easy to use.

We are pleased to be doing business with DOCEO.

A handwritten signature in blue ink that reads "Karen Groh".
